A Youth Craftsman's Faire is also planned. Contact Duchess Sabine at duchessesabine@paragonkeep.com for details. All kingdom and society regulations for youth activities will be enforced.

Youth Armored Combat Tournament

Youth boffer will begin at from 9:30 am until mid-afternoon--3pm or so, depending on weather and number of participants. Melees and fun fights all day! No tourneys. Please bring your own gear as we have very limited loaner gear. Parents MUST be present to sign children in. Marshal in charge: Lord James Douglas Eastland (johanna@sitka.engin.umich.edu).

Rapier Tournaments

Fencers will be placed into pools and a round robin tourney will be fought, with the amount of fencers promoted determined by the number of participants and time available.

Once pools are set, each fencer will get a card and choose combat styles for each round. (If there are 5 fights in your pool, write down 5 styles, 1 through 5, depending on your authorizations.)

At the first fight, combatants use the first style their lists. At the second fight, combatants use the second, and so on.

Three rules for your style list are as follows:

- 1) You must use all 5 styles at least once. (Non-rigid and rigid parry are considered separate styles for this tournament.)
- 2) You cannot use the same style twice in a row. (If you are only authorized in one style, this doesn't apply.)
- 3) Variations on weapon styles are allowed, such as cloak & dagger, dagger & buckler, case of daggers, etc. Case of bucklers or case of cloaks are not allowed.

Archery Activities

Archers--a full day for you! Weapons inspection /warm-up from 11 am to noon. General shoot from noon until 5 pm; depending on times for court or other event-inclusive activities. Look for an unknown distance animal woods walk, a castle window type shoot, and a multi-target timed shoot. Due to the type of range available, shoots will be all closer-range type shoots with known or unknown distances. No standard 20-30-40 yd shoots (no IKACs or Royal Rounds).
