

Greetings Unto Their Majesties Loyal Subjects!

It is with great pleasure that I announce that Barun Rory mac Feidhlimidh has been created Midlands Herald Extraordinary in recognition of his years of service to the Middle Kingdom College of Heralds. Master Rory is the third gentle in the Midrealm history to receive an Extraordinary title.

I would like to remind all Heralds and Pursuivants that quarterly reports are due to your Regional Herald by June 30. Only local pursuivants for incipient groups need to send me a copy. Please send in your reports and let us know what has been happening in your group, or just to let us know that you are alive and would like to keep your warrant active. Local pursuivants that are consistently not sending reports will be removed from the warrant roster.

Their Majesties would like to encourage all gentles of the realm to display their heraldry at events. Please bring your banners, standards, and gonfalons and let them fly proudly. After all, you had to endure the submission process to get them registered, so now is the time to show them off.

In Service I Remain,

Thorvald
Draco
